Forget turkey. In Japan, Christmas is a time to feast on KFC. CNN Travel explores how the American fast food chain grew to be synonymous with the holiday season.

Created specifically for fans of Japanese "cool culture," A Geek in Japan is one of the most iconic, hip, and concise cultural guides available. Reinvented for the internet age, it is packed with personal essays and hundreds of photographs and presents all the touchstones of traditional and contemporary culture in an entirely new way. A Geek in Japan decodes the mysteries of the Japanese language, Japanese social values and daily habits, business and technology, the arts, and symbols and practices that are peculiarly Japanese. This revised and expanded edition contains many new pages of materials on all sorts of topics including Kyoto, Japanese architecture, and Japanese video games. It also features a guide to author Hector Garcia's favorite Tokyo hangouts and tips on visiting many "secret" places around Japan. Highlighting the originality and creativity of the Japanese, debunking myths, and answering nagging questions such as why the Japanese are so fond of wearing face masks, Garcia has written an irreverent, insightful, and highly informative guide for the growing ranks of Japanophiles around the world.

For every fan of manga, anime, J-pop, or Zen, A Geek in Japan is a hip, smart and concise guide to the land that is their source. Comprehensive and well informed, it covers a wide array of topics in short articles accompanied by sidebars and numerous photographs, providing a lively digest of the society and culture of Japan. Designed to appeal to the generations of Westerners who grew up on Pokemon, manga and video games, A Geek in Japan reinvents the culture guide for readers in the Internet age. Spotlighting the originality and creativity of the Japanese, debunking myths about them, and answering nagging questions like why they're so fond of robots, author Hector Garcia has created the perfect book for the growing ranks of Japanophiles in this inspired, insightful, and highly informative guide.

Tokyo is ground zero for Japan's famous "geek" or otaku culture—a phenomenon that has now swept across the globe. This is the most comprehensive Japan travel guide ever produced which features Tokyo's geeky underworld. It provides a comprehensive run-down of each major Tokyo district where geeks congregate, shop, play and hang out—from hi-tech Akihabara and trendy Harajuku to newer and lesser-known haunts like chic Shimo-Kita and working-class Ikebukuro. Dozens of iconic shops, restaurants, cafes and clubs in each area are described in loving detail with precise directions to get to each location. Maps, URLs, opening hours and over 400 fascinating color photographs bring you around Tokyo on an unforgettable trip to the centers of Japanese manga, anime and geek culture. Interviews with local otaku experts and people on the street let you see the world from their perspective and provide insights into Tokyo and Japanese culture, which will only continue to spread around the globe. Japanese pop culture, in its myriad forms, is more widespread today than ever before—with J-Pop artists playing through speakers everywhere, Japanese manga filling every bookstore; anime cartoons on TV, and toys and video games, like Pokemon Go, played by tens of millions of people. Swarms of visitors come to Tokyo each year on a personal quest to soak in all the otaku-related sights and enjoy Japanese manga, anime, gaming and idol culture at its very source. This is the go-to resource for those planning a trip, or simply dreaming of visiting one day!

For every fan of K-Pop music, Korean Wave dramas and Kimchi—or anyone intrigued by Korea and Korean culture—A Geek in Korea is a hip, new guide to the land of the Samsung smartphone and Gangnam Style. Author Dan Tudor first arrived in Korea on the eve of the 2002 World Cup when South Korea played Italy in the finals. What he saw inspired him to return and work in Korea. He served as The Economist magazine's Korea correspondent for three years, and he writes regular columns for the national daily JoongAng Ilbo newspaper. Along the way, he has developed a great love and admiration for Korean culture and the Korean people. A Geek in Korea reinvents the culture guide for the Internet age. Packed with articles and photographs, it covers all the touchstones of Korean culture—from Buddhism and Confucianism to chapters on the traditional arts and disciplines like Taekwondo. There are chapters on cultural code words and norms, personal relationships, business and technology, and symbols and practices that are peculiarly Korean. A number of chapters are devoted to Korean pop culture, with attention to the stars, idols, and urban subcultures associated with them. For visitors to Korea, the author includes a mini-guide to his favorite neighborhoods in Seoul and other places of outstanding interest. Spotlighting the originality and creativity of the Koreans, debunking myths about them, and answering nagging questions like why they're so obsessed with education and success—Tudor has created the perfect book for the growing ranks of Koreaophiles in this inspired, insightful, and highly informative guide.

A charming collection of quirky insights into Japanese culture. The Magic of Japan is writer Hector Garcia's intensely personal account of his fifteen years in Japan. A self-professed "otaku" or Japanese anime geek since childhood, Garcia has worked for a Japanese software company, mastered the language, and become one of Japan's most popular bloggers. This book is the culmination of his experiences and showcases Garcia's unique ability to delve beneath the surface of Japanese culture to describe its quirky and deep spiritual underpinnings. This collection of essays and beautiful photographs will appeal to those who devoured his previous bestsellers, A Geek in Japan and Ikigai: The Japanese Secret to a Long and Happy Life—Japanophiles, armchair travelers and anyone with an interest in cultural and travel memoirs. The Magic of Japan features Garcia's keen observations on a wide variety of cultural topics: Japanese behavioral traits, including non-verbal communication, hansei (self-reflection), heijoshin (a calm mind) and shoshin (childlike openness) How Japan's geography and history have shaped its culture—its natural disasters, scarce resources, centuries of isolation and its feudal past Japanese idiosyncrasies, ranging from food traditions and absurd jobs to a love of queues. The Japanese spirit, as evidenced in traditional art, manga and attitudes to women Shintoism and Buddhism, looking at temples, festivals, rituals and how religious beliefs pervade popular culture, as seen for example in Studio Ghibli's movie Spirited Away Japan's dark side, including crime, the yakuza, adultery, bullying and suicide The book ends with a gloriously random selection of all things Garcia considers especially magical about Japan—from izakaya to shiitake mushrooms, summer fireworks and green tea!

A Geek in Thailand is a light-hearted but perceptive look at one of the world's most visited countries from the viewpoint of a young foreign resident. More than just a Thai travel guide, it offers a concise but insightful take on Thailand for tourists, expats, would-be expats, and others—anyone, in fact, with an interest in visiting or learning about the Land of Smiles. Packed with short articles accompanied by sidebar stories and interviews and evocative color photographs, the author paints a vivid and revealing picture of a country built on a deep reverence for nation, religion and monarchy, yet with its own distinct, individualistic perspective. Subjects range from the touchstones of Thai culture and history, such as its politics and economy, Buddhism and folklore, to chapters on traditional Thai design and craftsmanship, including its highly acclaimed architecture and fine silk textiles. There are also chapters on the globally popular Thai food and entertainment like kickboxing and cabaret. Chapters on the Thai character and cultural do's and don'ts will allow the reader to go beyond the Thai smile. For visitors to the country, the author includes his top ten things to see and do in the main tourist destinations as well as an account of the main festivals and tips on getting around.

For every fan of kung fu, steamed dumplings, Confucius and giant skyscrapers, A Geek in China is a hip, smart and concise guide to the Middle Kingdom. Packed with photographs and short articles on all aspects of Chinese culture, past and present, A Geek in China introduces readers to everything from Taoism and Confucianism to pop music and China's new middle class. A mix of traditional culture, such as highlights of Chinese history, great historical and mythological figures, traditional medicine, how the Chinese language works, real Chinese food, martial arts, and how the Chinese Communist Party works, is complimented with information on what makes China unique today. Chapters discuss why China is so crowded, what it's like to work in an office, internet and cell phone culture, dating and marriage practices, top popular movies and movie stars, the contemporary art scene, China's amazing new architecture and infrastructure, and popular holidays. It also contains chapters on what makes the Chinese tick, such as the importance of harmony in society, the practice of humility, and the importance of hierarchy. For visitors to the country, the author includes sections on what to see, both common cultural sites and off-the-beaten-track sites, and how to get around in China. Sections on visiting Hong Kong and Taiwan are also included. This China travel guide is a unique guide to the world's most populous and longest continuous culture. Readers will learn essential information about China's past and present to be able to understand the many references to history, politics, and pop culture that come up in everyday conversation and in the media.

Travelling to Japan has never been so much fun—visit the land of anime, manga, cosplay, hot springs and sushi! This graphic Japan travel guide is the first of its kind exploring Japanese culture from a cartoonist's perspective. Cool Japan Guide takes you on a fun tour from the high-energy urban streets of Tokyo to the peaceful Zen gardens and Shinto shrines of Kyoto and introduces you to: the exciting world of Japanese food—from bento to sushi and everything in between, the otaku (geek) culture of Japan, including a manga market in Tokyo where artists display and sell their original artwork, the complete Japanese shopping experience, from combini (not your run-of-the-mill convenience stores!) to depato (department stores with everything), the world's biggest manga, anime and cosplay festivals, lots of other exciting places to go and things to do—like zen gardens, traditional Japanese arts, and a ride on a Japanese bullet train. Whether you're ready to hop a plane and travel to Japan tomorrow, or interested in Japanese culture, this fun and colorful travelogue by noted comic book artist and food blogger Abby Denson, husband Matt, friend Yuuko, and sidekick, Kitty Sweet Tooth, will present Japan in a unique and fascinating way.

Find happiness by living fully in the present with this definitive guide to ichigo ichie—the Japanese art of making the most of every moment—from the bestselling authors of Ikigai. Every moment in our life happens only once, and if we let it slip away, we lose it forever—an idea captured by the Japanese phrase ichigo ichie (pronounced Itchy-GO Itchy-A). Often spoken in Japan when greeting someone or saying goodbye, to convey that the encounter is unique and special, it is a tenet of Zen Buddhism and is attributed to a sixteenth-century master of the Japanese tea ceremony, or "ceremony of attention," whose intricate rituals compel us to focus on the present moment. From this age-old concept comes a new kind of mindfulness. In The Book of Ichigo Ichie, you will learn to: • appreciate the beauty of the fleeting, the way the Japanese celebrate the cherry blossoms for two weeks every April, knowing they'll have to wait a whole year to see them again; • use all five senses to anchor yourself in the present, helping you to let go of fear, sadness, anger, and other negative emotions fueled by fixating on the past or the future; • be alert to the magic of coincidences, which help us find meaning among the disconnected events of our lives; • use ichigo ichie to help you discover your ikigai, or life's purpose—because it's only by learning to be present, to be tuned into what catches your attention and excites you in the moment, that you can identify what it is that most motivates you and brings you happiness. Every one of us contains a key that can open the door to attention, harmony with others, and love of life. And that key is ichigo ichie. A PENGUIN LIFE TITLE

As its title suggests, this book captures the essence of Japanese life and culture in 100 words. From well-known concepts like zen, kawaii and anime to their lesser-known counterparts waiting to be discovered by the West, Japan in 100 Words covers it all. Readers will learn more about: Chochin—decorative lanterns seen everywhere from shrines and temples to izakaya Fugu—the very carefully prepared delicacy of poisonous blowfish J-pop—the now widely popular musical genre Karoshi—literally translated as "overwork death" Omiai—the Japanese version of an arranged marriage And much more! The beautiful full-color illustrations bring these ideas, places and objects to life—making it the perfect addition to any Japanophiles library or a fun and useful introductory guide for a first-time visitor to Japan.
