Key Note Reports contain facts, figures and analysis on individual market sectors which have been compiled into reports covering markets as diverse as Fast Foods, Industrial Fasteners, Agricultural Machinery and Women's Fashions. Each Key Note Report has been specially designed for ease of instant reference, so that the specific information required can be located.

The aims of this report are to introduce readers to a method of calculating household needs and costs called budget standards, which is widely known in North America, Australia, The Netherlands, and Scandinavia, but virtually unheard of in the UK, and stimulate debate about the incomes necessary to avoid poverty. Using a modified form of budget standards methodology, the study estimates the needs and living costs of two-parent and lone-parent families, each with a boy

aged 10 years and a girl aged 4 years, at a Low-Cost but Acceptable living standard. Estimates like these could help governments to prevent poverty and hardship. This report contains essential information for those working in business and finance (eg, money advisors and banks and building societies), the legal profession and the courts, central and local government, the NHS, dietitians, caterers, the voluntary sector, educationalists and those involved in social policy. It should also attract an international audience of people working in similar fields.

The young and talented architect, Jennifer Townley, accepts an assignment in St. Louis, Missouri, to join one of their newest renovation projects, giving her an opportunity to embark on new experiences in the vocation she loves. Her move to the Midwest from her upscale Miami Beach condo becomes a major challenge and lifestyle. She eschews city life, choosing instead to move across the river to the quaint town of New Haden. She has no idea upon arriving in New Haden, she is being watched, or that previous tenants of her apartment have mysteriously disappeared. The town's charm quickly erodes, as some residents turn out far different than they first appeared, from her elderly landlady, Bea Brighton, to the town's police chief, Max Shephard. Searching for answers, she forms an alliance with her handsome, mysterious neighbor, Mark, who, like the others, has much to hide.
