Bosch vision 300 series washing machine won't spin. I filled my Bosch washer the other day before I took a shower. When I got out of the shower the washer had turned off. When I went to turn it back on I realized it had tripped the fuse. I went to the basement and tripped it back on and all seemed fine.

Bosch vision 300 series washing machine won't spin : DIY  
One or more of the suspension rods might be broken. The suspension rods help to dampen the movement of the washer tub. If one or more of the suspension rods are broken, the washer will vibrate or shake. To determine if the suspension rods are at fault, check the rods to determine if any of them are broken. If a suspension rod is broken, replace it.

Bosch vision 300 series washer error codes | Causes, How ...  
Combined, Bosch 24-inch washers and dryers offer the fastest wash and dry cycle which takes a total of 30 minutes. The washers and dryers offer flexible installation possibilities, and only one electrical outlet is needed since the washer plugs into the dryer. The dryer requires no venting, so there's no ducting to worry about.
