Twentieth-century authors and filmmakers have created a pantheon of mavericks -- some macho, others angst-ridden -- who often cross a metaphorical boundary among the literal ones of Anglo, Native American, and Hispanic cultures. Douglas Canfield examines the concept of borders, defining them as the space between states and cultures and ideologies, and focuses on these border crossings as a key feature of novels and films about the region. Canfield begins in the Old Southwest of Faulkner's Mississippi, addressing the problem of slavery; travels west to North Texas and the infamous Gainesville Hanging of Unionists during the Civil War; and then follows scalpers into the Southwest Borderlands. He then turns to the area of the Gadsden Purchase, known for its outlaws and Indian wars, before heading south of the border for the Yaqui persecution and the Mexican Revolution. Alongside such well-known works as Go Down Moses, The Wild Bunch, Broken Arrow, Gringo Viejo, and Blood Meridian, Canfield discusses novels and films that tell equally compelling stories of the region. Protagonists face various identity crises as they attempt border crossings into other cultures or mindsets -- some complete successful crossings, some go native, and some fail. He analyzes figures such as Geronimo, Doc Holliday, and Billy the Kid alongside less familiar mavericks as they struggle for identity, purpose, and justice.

Translated by Gregory Rabassa, winner of the National Book Award for Translation, 1967 Horacio Oliveira is an Argentinian writer who lives in Paris with his mistress, La Maga, surrounded by a loose-knit circle of bohemian friends who call themselves "the Club." A child's death and La Maga's disappearance put an end to his life of empty pleasures and intellectual acrobatics, and prompt Oliveira to return to Buenos Aires, where he works by turns as a salesman, a keeper of a circus cat which can truly count, and an attendant in an insane asylum. Hopscotch is the dazzling, freewheeling account of Oliveira's astonishing adventures.

"The first exhibition to offer a critical assessment of the artistic experimentation that took place in Mexico during the last three decades of the twentieth century. The exhibition carefully analyzes the origins and emergence of techniques, strategies, andmodes of operation at a particularly significant moment of Mexican history, beginning with the 1968 Student Movement, until the Zapatista uprising in the State of Chiapas. Theshow includes work by a wide range of artists, including Francis Alys, Vicente Rojo, Jimmie Durham, Helen Escobedo, Julio Galán, Felipe Ehrenberg, José Bedia,Guillermo Gómez-Peña, Francisco Toledo, Carlos Amorales, Melanie Smith, and Alejandro Jodorowsky, among many others. The edition is illustrated with 612 full-colorplates of the art produced during these last three decades of the twentieth century reflect the social, political and technical developments in Mexico and ranged from painting andphotography to poster design, installation, performance, experimental theatre, super-8 cinema, video, music, poetry and popular culture like the films and ephemeral actionsof 'Panic' by Alejandro Jodorowsky, Pedro Friedeberg's pop art, the conceptual art, infrarrealists and urban independent photography, artists books, the development ofcontemporary political photography, the participation of Mexican artists in Fluxus in the seventies and the contribution of Ulises Carrión to the international artist book movement and popular rock music, the pictorial battles of the eighties and the emergence of a variant of neo-conceptual art in 1990. The exhibition is curated by Olivier Debroise, Pilar García de Germenos, Cuauhtémoc Medina, Álvaro Vázquez Mantecón"--Provided by vendor.

A woman's feminist awakening drives a hypocritical village to madness in rural Uruguay in this "wild, brutal paean to freedom" (NPR.org). Shortlisted for the National Translation Award "Somers' feminism is profound, and complicated." —NPR.org "A surreal, nightmarish book about women's struggle for autonomy—and how that struggle is (always, inevitably) met with violence." —Carmen Maria Machado, author of Her Body and Other Parties When The Naked Woman was originally published in 1950, critics doubted a woman writer could be responsible for its shocking erotic content. In this searing critique of Enlightenment values, fantastic themes are juxtaposed with brutal depictions of misogyny and violence, and frantically build to a fiery conclusion. Finally available to an English-speaking audience, Armonía Somers will resonate with readers of Clarice Lispector, Djuna Barnes, and Leonora Carrington.

Masculinity without men. In Female Masculinity Judith Halberstam takes aim at the protected status of male masculinity and shows that female masculinity has offered a distinct alternative to it for well over two hundred years. Providing the first full-length study on this subject, Halberstam catalogs the diversity of gender expressions among masculine women from nineteenth-century pre-lesbian practices to contemporary drag king performances. Through detailed textual readings as well as empirical research, Halberstam uncovers a hidden history of female masculinities while arguing for a more nuanced understanding of gender categories that would incorporate rather than pathologize them. She rereads Anne Lister's diaries and Radclyffe Hall's The Well of Loneliness as foundational assertions of female masculine identity. She considers the enigma of the stone butch and the politics surrounding butch/femme roles within lesbian communities. She also explores issues of transsexuality among "transgender dykes"--lesbians who pass as men--and female-to-male transsexuals who may find the label of "lesbian" a temporary refuge. Halberstam also tackles such topics as women and boxing, butches in Hollywood and independent cinema, and the phenomenon of male impersonators. Female Masculinity signals a new understanding of masculine behaviors and identities, and a new direction in interdisciplinary queer scholarship. Illustrated with nearly forty photographs, including portraits, film stills, and drag king performance shots, this book provides an extensive record of the wide range of female masculinities. And as Halberstam clearly demonstrates, female masculinity is not some bad imitation of virility, but a lively and dramatic staging of hybrid and minority genders.

Lugubrious Nights follows the protagonist Tediato on his nightly visits to the temple where his beloved is interred. His ultimate intention is to disinter her body and kill himself in her presence. Tediato is a religious skeptic whose grief is cosmic, and he sees no reason not to join his beloved in death, torn as he is between the emptiness of his soul and the emptiness of the world. Hispanist Russell P. Sebold offers the first English translation of the eighteenth-century Spanish lyrical poem in prose by José de Cadalso (1741-1782). Inspired by his grief over the death of the actress María Ignacia Ibáñez, Cadalso composed Lugubrious Nights in 1771. Sebold considers it to be the first fully Romantic work of continental European literature, written three years before the publication of Goethe's Werther.

The deluxe e-book edition of *Chasing the Sun* includes rare, behind-the-scenes video footage of superstar Juanes's early career, shows and concerts, recordings, personal life, and more. Interspersed throughout the text are exclusive interview clips that further explore the passion and truth found in Juanes's words and offer a true glimpse of the man behind the music. "I'm doing what I believe I was brought to this world to do: to create music that raises awareness, renews hearts, and generates change. I'll continue looking to the stars and traveling the globe as God permits me. And I hope I have many years left to connect through art, to play my guitar, and to continue chasing the sun."—Juanes In *Chasing the Sun*, the international music icon and humanitarian shares the incredible story of his life and how music and faith guided his path. In his own un-adulterated words, and with visually arresting images throughout—some of them never before seen—Juanes imparts his defining moments from childhood to present day, reflecting on his spiritual and musical journey and the personal and professional experiences that shaped the man he is today. Born and raised in Colombia, Juanes developed his deep love of music from his family and learned to play guitar at an early age. By age sixteen, he became a founding member, lead guitarist, vocalist, and song-writer for Ekymosis, which went on to become Colombia's leading hard-rock band. However, it was his career as a solo artist that propelled him toward international superstardom. With great honesty, Juanes reveals how his times of glory were often intersected by times of doubt and soul-searching and how remaining true to his beliefs and passionate about his art gave him the strength and foresight to reinvent himself and his career. While his role as a recording artist is well documented, the very private Juanes has never opened up in his own words—until now.

Poetry. Women's Studies. Translated from the Spanish by John Pluecker. In seventeenth century, colonial-era Mexico, Sor Juana Inés de la Cruz's visionary and passionate verse assured her a seminal place in the literary canon. Luis Felipe Fabre has reimagined this mysterious figure, so often appropriated and dissected by academics and literati. Fabre's poems are built out of sixteenth century octosyllabic tetrameter and pulp novels, out of horror movie trailers and pompous academic papers, out of Medusas and dreams, Bat Sisters and rhymes. But more than that, they are made of language, a language brimming with irony, black humor and dread as he reflects on the many transformations of Sor Juana and of Mexico itself. "As a conduit for future translations of this caliber, Señal is a sign of hope for English readers... Fabre's poems likely approach the pinnacle of such an endeavor."—Matt Bucher, *Molossus*
