The FiiO M11 Pro is basically a FiiO M11+, but this extra plus is what makes a great player, a fantastic player. For a cost. This M11 Pro costs 200\$ more than the classic M11 and it ditched the second micro-SD slot. So if you're on a budget or need a vast amount of storage, you may want to stick to the first version. That said, if sound quality is your main concern, all of those changes are ...

The Vision Ears Elysium is a great hybrid monitor and an absolute joy to listen to. No, "great" doesn't really do it enough justice, it's more than that. It's an exceptionally good monitor with all the qualities and the top-level performance to be named Best of the Year. The overall performance is impressive, the sound quality is very high and enjoyment factor goes through the roof.

2. Black Friday vs. Cyber Monday online spending, 2011-2015. Cyber Monday is the biggest online shopping "holiday" in the United States (and probably the world). But in 2016, that could change. Black Friday online spending has all but caught up to Cyber Monday, and that could mean a big shift in consumer holiday buying habits.
