On its first publication in 1979, Lejeun's *The Gentlemen's Clubs of London* rapidly established itself as a widely sought-after and quoted work around the world among those intrigued by and participating in the rarefied world of the famous clubs of London society. This is a new, thoroughly updated edition. This book lays forth the histories of the clubs, why and how each came into being, who belongs and belonged to which, how members are chosen, and how the clubs have changed down the generations - if indeed they have. This work tells of the ambience and grace of the clubs, their privacies and eccentricities, and of the yarns, disputes and scandals to which they have given rise. Here are new and archival photographs of the clubs' interiors, ranging from the elegant to the snug, premises which are sometimes secret and quirky and sometimes grand, each unique and fitting the character and contributing to the needs and lives of its members.

Clubland is another country, redolent of the past but, for its few thousand often influential inhabitants, an integral part of life. This text covers around 50 clubs, with over 400 photographs and other illustrations observing grand vistas and quaint details.

This work is the first to study the gentlemen's clubs that were an important feature of the Late Victorian landscape, and the first to discover the secret history of clubmen and their world, placing them at centre

stage, detailing how clubland dramatically shaped 19th and early 20th-century ideas about gender, power, class, and the city.

‘The latest in the series of powerful books on the divisions in modern Britain, and will take its place on many bookshelves beside Reni Eddo-Lodge’s *Why I’m No Longer Talking to White People About Race* and Owen Jones’s *Chavs*.’ –Andrew Marr, *Sunday Times* ‘In his fascinating, enraging polemic, Verkaik touches on one of the strangest aspects of the elite schools and their product’s domination of public life for two and a half centuries: the acquiescence of everyone else.’ –Observer  
In Britain today, the government, judiciary and military are all led by an elite who attended private school. Under their watch, our society has become increasingly divided and the gap between rich and poor is now greater than ever before. Is this the country we want to live in? If we care about inequality, we have to talk about public schools. Robert Verkaik issues a searing indictment of the system originally intended to educate the most underprivileged Britons, and outlines how, through meaningful reform, we can finally make society fairer for all.

On passing through a certain curtain and a certain door, pleasure, pain and titillation could be enjoyed in the company of ladies who returned the virile salute of desire with the same enthusiasm in which it was

given. They wielded power over men, whether in domination or submission, and embraced the exquisite surrender of being watched by many eyes. Lord MacCaulay becomes obsessed with the mysterious Mademoiselle Noire, despite suffering the ultimate humiliation at her hands. His pursuit of her brings about a descent from which there may be no escape. The novella unfolds through a series of fantasy tableaux scenes (explicitly sexual) with an underlying theme of obsessive love.

Stronger Than Ever is a practical guide for applying biblical truths to real life. Personal problems and tragedies can upset happiness and hinder successful living, but a life of faith, love, and hope enables you to persevere and grow stronger, overcome adversity, and become a blessing to others in need. Readers will discover the life that Jesus Christ wants for them, a life of strength, victory, and ultimately, eternal bliss. In this book the reader will find how to develop the power of loving like Jesus; the ABCs of resolving guilt biblically; what to do when it really isn't your fault

In the 1880s, the well-connected young Englishman William B. Close and his three brothers, having bought thousands of acres of northwest Iowa prairie, conceived the idea of enticing sons of Britain's upper classes to pursue the life of the landed gentry on these fertile acres. "Yesterday a wilderness, today an empire": their bizarre experiment, which created a colony for people "of the better class" who were not in line to inherit land but whose fathers would set them up in farming, flourished in Le Mars, Iowa (and later in Pipestone, Minnesota), with over five hundred

youths having a go at farming. In *Gentlemen on the Prairie*, Curtis Harnack tells the remarkable story of this quite unusual chapter in the settling of the Midwest. Many of these immigrants had no interest in American citizenship but enjoyed or endured the challenging adventure of remaining part of the empire while stranded on the plains. They didn't mix socially with other Le Mars area residents but enjoyed such sports as horse racing, fox hunts, polo, and an annual derby followed by a glittering grand ball. Their pubs were named the House of Lords, the House of Commons, and Windsor Castle; the Prairie Club was a replica of a London gentlemen's club, an opera house attracted traveling shows, and their principal hotel was Albion House. In St. George's Episcopal Church, prayers were offered for the well-being of Queen Victoria. Problems soon surfaced, however, even for these well-heeled aristocrats. The chief problem was farm labor; there was no native population to exploit, and immigrant workers soon bought their own land. Although sisters might visit the colonists and sometimes marry one of them, appropriate female companionship was scarce. The climate was brutal in its extremes, and many colonists soon sold their acres at a profit and moved to countries affiliated with Britain. When the financial depression in the early 1890s lowered land values and made agriculture less profitable, the colony collapsed. Harnack skillfully draws upon the founder's "Prairie Journal," company ledgers, and other records to create an engaging, engrossing story of this quixotic pioneering experiment. f
