In 2021, Texas Country Reporter celebrates its fiftieth season on the air. Broadcast every week on stations across Texas, it focuses on "ordinary people doing extraordinary things." And at the center of it is Bob Phillips, the show's creator and host—an erstwhile poor kid from Dallas who ended up with a job that allowed him to rub elbows with sports figures, entertainers, and politicians but who preferred to spend his time on the back roads, listening to less-famous Texans tell their stories. In this memoir, Phillips tells his own story, from his early days as a reporter and his initial pitch for the show while a student at SMU to his ongoing work at the longest-running independently produced TV show in American television history. As we travel with Phillips on his journey, we meet Willie Nelson and former Dallas Cowboys coach Tom Landry; reflect on memorable, unusual, and challenging show segments; experience the behind-the-scenes drama that goes on in local television; witness the launching of an annual festival; and discover the unbelievable allure of Texas, its culture, and, especially, its people. Spanning generations, A Good Long Drive is proof that life's journey really is a destination unto itself.

You can't be a success in life if you can't get along with other people — at home, at school, and at play. This collection of stories about tolerance, acceptance, self-esteem, and making good decisions will help teens and young adults create their best future. The values that young adults learn today will stay with them for the rest of their lives and help them become the best adults they can be. The inspiring personal stories in this collection are a great way for teens and young adults to not just read about role models, but to learn how to be role models — exhibiting qualities of tolerance, acceptance and self-esteem, and making good decisions. This book harnesses the power of storytelling to inspire and teach teens and young adults while also entertaining them. Key issues such as bullying; religious, ethnic, and lifestyle tolerance; values; and sticking up for what's right are addressed in stories selected from Chicken Soup for the Soul's vast library of bestselling books, representing the best on these topics from the company's 22-year history. This book is a joint project of Chicken Soup for the Soul and The Boniuk Foundation, which are working together to promote tolerance, respect, and compassion, inspiring young people and adults to embrace their differences, reject stereotypes, and make good choices. The book is part of a larger effort that includes additional books for kids and preteens, college students, parents, and grandparents, as well as a family television show every Saturday morning starting in October.
