Spices and herbs, also called seasoning, are an important part of cooking, if not the most important. They can transform an ordinary tasting dish into an incredibly delicious dish. All spices originate from plants. Some are used entirely but some plants have specific parts that are used, like the flowers, roots, barks, leaves, stems and seeds. Making spice mixes at home is a lot cheaper than buying them in the store, especially when you buy large quantities of them. Just buy a big bag or container of each individual spice and start mixing them at home. Store them in jars and you won't have to buy any spices for years to come. And with the variety of these spice mixes you'll be able to use them for anything and make everything

so much more delicious! Some spices like garlic and cinnamon don't only improve the taste of the dishes but also help in preserving due to their ability to limit bacterial growth. Lots of spices, like turmeric, ginger, garlic, cloves and many more are also very healthy, they contain antioxidants and various other nutrients depending on the spice and herb. They can possess anti-cancer, anti-inflammatory, and immune-boosting properties. All the recipes in this book are dry spice mixes only and have been categorized according to the region where these spice mixes originated. You'll find spice blends from all over the world, including spice mixes for desserts. So go stock up on some spices and get ready to taste an amazing array of new flavors in your home cooking.

of roadside snacks throughout the country: from the teeming lanes of Old Delhi to the hot, dusty streets in the remote countryside. It is painfully hard to resist the smells and sights and tastes of this roadside food, prepared in front of customers' eyes with the freshest ingredients and a good helping of panache and showmanship. The acclaimed photographer Sephi Bergerson has been tracking down the very best street food in the country, which has been his home for the past seven years. This book is a celebration of this splendid everyday cuisine and a virtual feast in itself. With authentic and detailed recipes for the simplest and tastiest dishes in the repertoire, using ingredients easily found in the West, this serving will inspire and intoxicate in equal measure.

over three decades by my mother and aunt. This is a collection of snacks, preserves (loosely used to include pickles and accompaniments) and sweets. My mother, Mrs. Renu Rajesh and aunt Mrs. Kshama Chandra were the first generation of women in their family to have graduated from high school. They learned and evolved these recipes over time when there was not much information or classes available in Patna, the city where they spent some years of their youth together. Over the years, they traveled around the country and lived in different towns, picking and curating recipes from friends and neighbors, tweaking and innovating them over time. Festivals and auspicious occasions being the theme of the book, I have included some exclusive recipes that my mother and aunt ritually made at home during such times. All across the country, festivals and auspicious events (like

techniques employed in using them, always with the help of comparisons to familiar Western methods. It is immediately obvious that Indian food is rich and varied, yet not difficult to prepare. The cooking principles are basic and wellknown. The utensils needed are few and simple. As Julie Sahni says, "If you know how to fry, there are few tricks to Indian food." Every recipe has been especially designed for the American kitchen -- practically all the ingredients can be found in any American supermarket and there are scores of time-saving shortcuts with the food processor and handy directions for ahead-of-time preparation. Following a lively and absorbing introduction to the history of India's classic Moghul cuisine, Julie guides the cook through the individual components that make up an Indian meal. She begins with delicious appetizers like Crab Malabar and Hyderabad lime soup; continues

through main courses, both nonvegetarian and vegetarian (this book is a treasure trove for the non-meat eater); goes on to all the side dishes and traditional accompaniments, from spinach raita and lentils with garlic butter to saffron pilaf and whole wheat flaky bread; and ends with the glorious desserts, like Ras Malai, sweetmeats, and beverages. Clear, illustrated, step-by-step instructions accompany the cook through every stage, even for making the many wondrous Indian breads, both by hand and with the food processor. And at the end of each recipe are balanced serving suggestions for every kind of meal, Among the many special features are ideas for appropriate wines, a useful spice chart, a complete glossary (which might also come in handy when ordering in Indian restaurants), and a mailorder shopping guide that will make Indian spices accessible anywhere. Most important, Julie
