After a life altering tragedy during her childhood, Mia Campbell is left with an incapacitating fear of crowds - especially angry ones. Now at eighteen, with her final months of high school before her, she only has one goal: To remain unseen. Jace Wallace is about to start living a rockstar's life. As lead guitarist for the newest internet sensation, Fighting Fate, he's rocking the stage - and a different girl - every weekend, and that's the way he prefers it. He only has one goal: To succeed. When unusual circumstances bring the two of them together, and one thing quickly leads to another, their one goal starts to blur to include another, forcing them both to make a decision. Sit back and take what Fate hands you, or fight for what you want.

"Periods equal people." Each of us is intimately tied to menstrual cycles, fertility, pregnancy, motherhood, abortion, and indeed all things uterine. The Womb is our first home. It should not be treated as an inconvenience, a political battleground, or a source of anything other than sacred life. I hated my period! It was painful and horrible and nothing the doctors did seemed to help. I wondered if I was the only one? I'd seen Oprah Winfrey do a show on learning to love her period and the resulting changes in her body and it got me to thinking. So I started roaming around asking women about their menstrual cycles and was blown away by our collective experiences. This book is a culmination of the stories that make up those collective experiences and the empowering themes nestled within them. It is my hope that it will empower women, educate men and encourage all of us to participate in critical conversations about our experiences, practices, products and preferences.

The Damascus Chronicles: Denizens of the Night continues the adventures of Michael Victor Damascus and his new bride, Serena Bellemont, as they honeymoon in Paris, France. The two vampires are enjoying their new life together after saving the city of Las Vegas from destruction. Michael is getting used to his new life as a vampire and being a member of the Zoratus Coven. The Coven is Serena's legacy and now Michael is a part of it. One night they leave their luxurious hotel suite to go out and enjoy a night on the town and they encounter and kill a supernatural being that is a complete mystery to them. This uncovers a nefarious plot by the Dark Society and when Michael and Serena try to uncover more information about the presence of the demon they killed, they go to the Cathedral of Notre Dame and encounter Dark Society agents. There is a confrontation and Michael and Serena capture a Dark agent. Under interrogation, the agent reveals a plot by the Dark Society to resurrect the devil in the form of Sagamu with a blood rite on a satanic holy day they call the Eve of Blood. Michael, Serena and the rest of the coven reunite in Paris as they proceed to take on the Dark Society in head on battle grand de force style in Rome, Italy with the city lit up and ready to burn, the

Day of Darkness has arrived! A lost forbidden history is discovered, filled with Angels, Demons, and Ceremonial Magicians in a crimson bath of bloodshed and black magic!

New Adult Romance contains MA 17+ content. Layla Flaherty had the perfect life, or close to it. Until a stranger gunned her parents down right in front of her, leaving her with seizure inducing PTSD. After years of trying to pass as normal and failing miserably, she resigns herself to being invisible. But new to town Landen O'Brien sees her, and he likes what he sees. Much to Layla's surprise, he doesn't freak out when she has a seizure in front of him. He does the exact opposite, calming her until the tremors subside. But Landen has secrets of his own. Secrets that both bind them together and tear them apart. Scarred by loss, Layla leaves her hometown of Hope Springs, Georgia, hoping to put her painful past behind her and start over in college in California. When she runs into Landen at freshmen orientation, she has a choice to make. Reinforce those steel walls she's built up around herself or give the only boy who can keep her still a second chance. Landen's more than ready to tear down those walls but this time when they come crashing down, they might bury her.

Offering a new theory of poetic constraint, this book analyses contributions of bound people to the history of the lyric.

“ You might think that dancing doesn ’ t have a lot to do with social research, and doing social research is probably why you picked this book up in the first place. But trust me. Salsa dancing is a practice as well as a metaphor for a kind of research that will make your life easier and better. ” Savvy, witty, and sensible, this unique book is both a handbook for defining and completing a research project, and an astute introduction to the neglected history and changeable philosophy of modern social science. In this volume, Kristin Luker guides novice researchers in: knowing the difference between an area of interest and a research topic; defining the relevant parts of a potentially infinite research literature; mastering sampling, operationalization, and generalization; understanding which research methods best answer your questions; beating writer ’ s block. Most important, she shows how friendships, non-academic interests, and even salsa dancing can make for a better researcher. “ You know about setting the kitchen timer and writing for only an hour, or only 15 minutes if you are feeling particularly anxious. I wrote a fairly large part of this book feeling exactly like that. If I can write an entire book 15 minutes at a time, so can you. ”

The first novel in a sexy, emotional new adult series for fans of Jamie McGuire and Jay Crownover. When college freshman Rowan Michaels meets gorgeous, up-and-coming rock star Adam Everest, she knows a player like him is the last thing she needs after her ex-boyfriend shattered her heart. But she can't stop thinking about the kiss they shared on his tour bus. On the first day of school, Rowan is stunned when Adam saunters into her French class. He's soon failing miserably, and, on a whim, she offers to tutor him. But Adam doesn't recognize her as a makeup-free, glasses-clad college student—a far cry from the beautiful, mysterious "Peach" he met at his concert. During a wild weekend on tour with the band, Rowan can't help falling for the sweet guy buried beneath Adam's rocker persona. Yet she knows she could never compete with the girls constantly throwing themselves at his feet. She'd just end up hurt ... again. Peach is all Adam thinks about, though, and when Rowan realizes this, she has a decision to make: stay just friends to protect her fragile heart ... or reveal the truth about the night they met and admit she's fallen completely, hopelessly in love with him.

I swore I ’ d never fall for a rockstar. He swore he ’ d never become one. Tyler didn ’ t mean to break my heart. He did it anyway. Now, I ’ ll never play by anyone ’ s rules but mine. When he shows up in the last place I expect, with a confession and a promise... There ’ s going to be a reckoning. Because the naive girl he shattered is gone. And the woman in her place is ready for a fight. A Love Song for Rebels is Book 2 in the angsty new adult, academy-inspired Rivals trilogy and must be read following A Love Song for Liars (Rivals #1). If your favorite tropes include enemies to lovers, friends to lovers, academy, high school, or rock star / music, don ’ t miss Tyler and Annie's epic story!

Read Book Muse Fighting Fate 1 Maree Green

2014 Locus Awards Finalist, Nonfiction Category In this hip, accessible primer to the music, literature, and art of Afrofuturism, author Ytasha Womack introduces readers to the burgeoning community of artists creating Afrofuturist works, the innovators from the past, and the wide range of subjects they explore. From the sci-fi literature of Samuel Delany, Octavia Butler, and N. K. Jemisin to the musical cosmos of Sun Ra, George Clinton, and the Black Eyed Peas' will.i.am, to the visual and multimedia artists inspired by African Dogon myths and Egyptian deities, the book's topics range from the "alien" experience of blacks in America to the "wake up" cry that peppers sci-fi literature, sermons, and activism. With a twofold aim to entertain and enlighten, Afrofuturists strive to break down racial, ethnic, and social limitations to empower and free individuals to be themselves.
